

May: Scheme collection volumes showing continued strong growth, with a 13% increase in total collections over the past 12 months

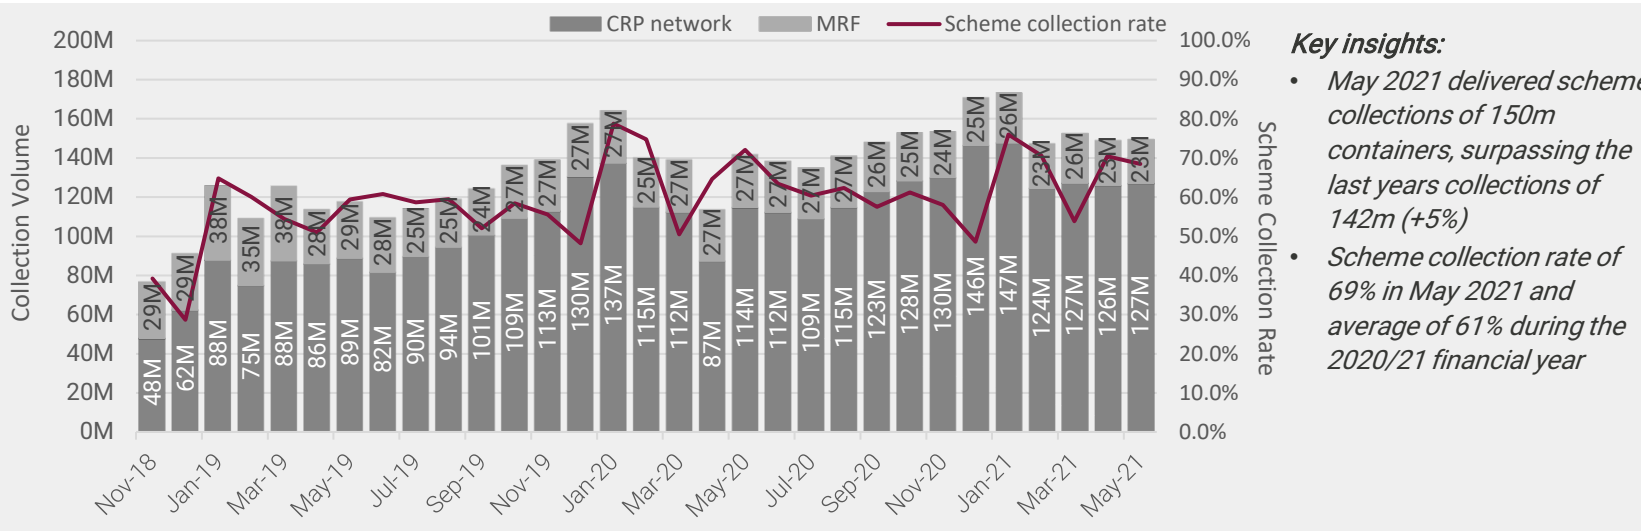

Container volumes

The *Containers for Change* scheme receives containers collected through the Container Refund Point (CRP) network and from those containers returned through council kerbside recycling which end up at Material Recovery Facilities (MRFs). Both avenues make up the overall scheme collection volumes and rate.

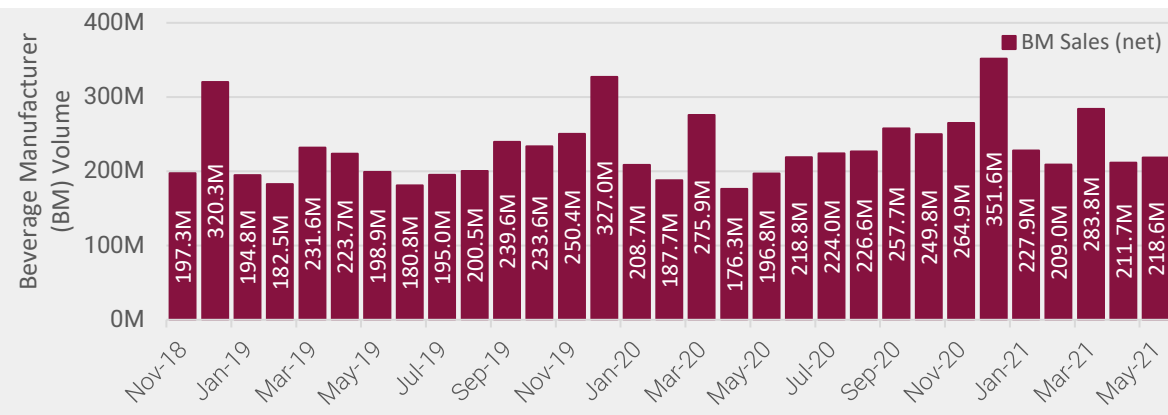

**Scheme collection volumes impacted by COVID-19 pandemic from March 2020.*

To note: April 2021 to May 2021 MRF volumes are forecast volumes, as MRF audits are quarterly in arrears.

Key insights:

- May 2021 delivered scheme collections of 150m containers, surpassing the last years collections of 142m (+5%)
- Scheme collection rate of 69% in May 2021 and average of 61% during the 2020/21 financial year

Key insights:

- Approximately 2.9 billion containers have been sold and consumed in Queensland in the past 12 months
