

# May: Scheme collection volume growth of 1.9% over the past 12 months, with 6.0b containers collected since Scheme commencement

## Container volumes

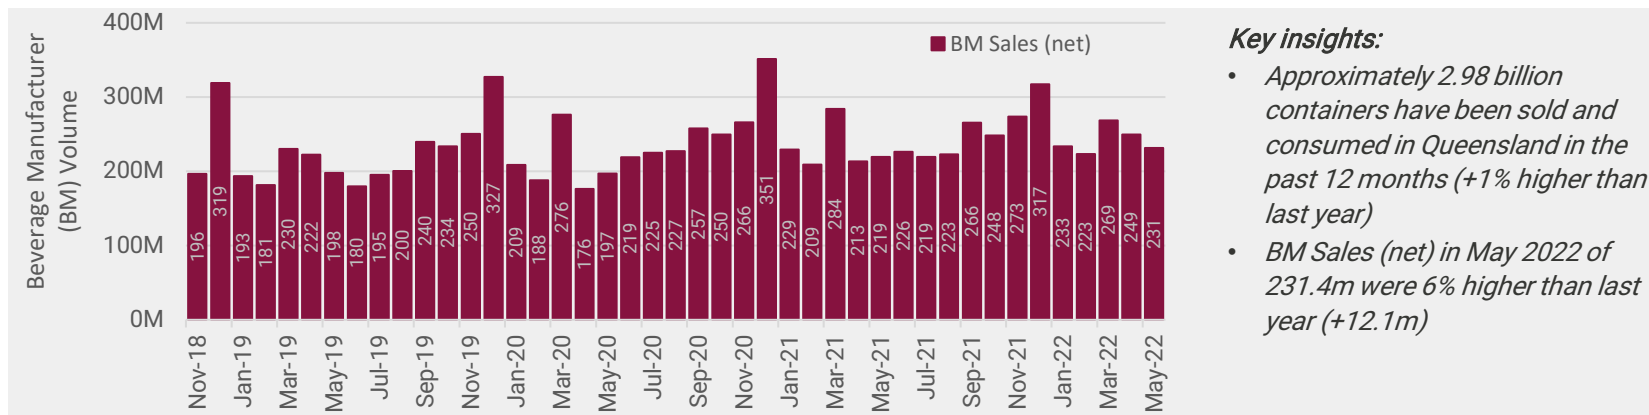

The *Containers for Change* scheme receives containers collected through the Container Refund Point (CRP) network and from those containers returned through council kerbside recycling which end up at Material Recovery Facilities (MRFs). Both avenues make up the overall scheme collection volumes and rate.

*To note: May 2022 MRF volumes are estimated volumes, as MRF audits are completed in arrears*

### Key insights:

- May 2022 delivered Scheme collections of 155m, being 2m (1%) higher than same period last year.
- Scheme collection rate of 67% in May 2022 and average of 62% so far in 2022 financial year, in line with the same period last year (62%).
- Scheme collection volumes of 1.85b containers over the past 12 months an increase of +35m containers (+1.9%)

### Key insights:

- Approximately 2.98 billion containers have been sold and consumed in Queensland in the past 12 months (+1% higher than last year)
- BM Sales (net) in May 2022 of 231.4m were 6% higher than last year (+12.1m)
